and what have you

by BOB CRAIG

The Hamlin Herald
Hamlin, Texas U. S. A.
Dear Sir:

On behalf of my husband and myself, I like to write you few lines of appreciation on the prompt delivery of the Hamlin Herald.

I am not very good writing the English language, but I do hope you can understand my letter.

My husband, A/1C Jimmy D. Boatright, son of Mr. and Mrs. E. W. Boatright of Hamlin, has been assigned for a three year tour witn the 7030th C. S. W. as a Supply Specialist in Ramstein AFB, Germany. We do like our assignment very much — for it gives us a chance to visit with my parents once in the while — also we take trips all over Germany, France and Luxemburg.

Nevertheless we do miss all our good and swell friends in Texas and that is one of the many reasons we are so grateful for receiving the Hamlin Herald. At least we have a chance to keep up with the happenings and a little gossip. Keep up the good work and thanks again.

Sincerely,
Mrs. Jimmy D. Boatright

(Editor's note: The Herald is being sent to the Boatrights by his mother who also paid for the Air Mail postage in order for the couple to receive the paper more promptly.)

Airman Boatright is serving his second assignment in Germany. In 1957, while in Germany, he met his wife, Gulle, in St. Georgia where they were married. They later returned to the U. S. and he was stationed at Brooks AFB near San Antonio.

After being in the U. S. for three years the couple and their son, Donald Wayne, now 5, returned to Germany in December of 1962.

Dear Editor:

Enclosed is my check for another year's subscription to the Hamlin Herald.

I want to say I enjoy the paper very much each week, especially the article written by the different ministers. In fact I am very disappointed when it isn't in the paper.

I will be looking forward to each Friday when I receive the paper.

Sincerely,
Mrs. C. W. Hadwin

AT DAD-DAUGHTER BANQUET SATURDAY—Those seated at the head table at the Dad-Daughter Banquet Saturday night are shown left to right, Howard Mehaffey and daughter, Kevin, winner of a candy award; Mrs. S. L. Tate, little daughter, Amy, Mr. Tate; W. L. Hunter and daughter, Mitzi; Jerry Waggoner and daughter, Jeri Ann, also winner of a candy award; Dr. James Harrison and twin daughters, Marolyn and Carolyn. Mr. and Mrs. Tate presented entertainment. Hunter, president, was master of ceremonies. Dr. Harrison gave the invocation.

CANDY AWARDS PRESENTED AT ANNUAL CAMP FIRE BANQUET

Candy awards were presented to Jeri Ann Waggoner, daughter of Mr. and Mrs. Jerry Waggoner, and Kevin Mehaffey, daughter of Mr. and Mrs. Howard Mehaffey, at the annual Dad-Daughter Camp Fire banquet in the junior high school gymnasium. The girls earned the honor by selling the most candy during the annual candy sale.

W. L. Hunter Jr., president of the Camp Fire Council, presented the awards. He also served as master of ceremonies.

Special entertainment was furnished by Mr. and Mrs. S. L. Tate Jr.

At this time there are nine groups composed of 99 girls and 28 adult workers. With the 17 adults of the Camp Fire Council the total membership of the organization is 144.

Other officers are James Brown, vice president; Mrs. David Casey, secretary; Mrs. Bill Shira, treasurer; Mrs. Bob Craig, reporter; Mrs. Miller Haron, leaders representative.

Three year directors are Hunter, Brown, Mrs. Casey, Mrs. Holly P. Toler, Mrs. Jack Willingham and Mrs. Craig.

Two year directors are Bill Feagan, Parker Kelley, James Harrison, Mrs. Kenneth Riddle, Mrs. Bill Shira, Mrs. Bill Feagan.

One year directors are Dewey Nunley, A. V. Neinast, Johnny Hester, Mrs. Lou Bishop and Melvin Scott.

Seventeen girls have recently earned the Three Year Honor, given for three years of consecutive membership. They are: Taness Driskell, Sharon Hastings, Helen Howard, Deborah LaFernier, Kevin Mehaffey, Susan Patterson, Denice Preston, Lana Blanton, Leslie Harkey, Debora Brown, Betty Burleson, Janis George, Marsha Hester, Barbara Price, Fodie Sonnenburg, Crystal Walton and Cynthia Foster.

First Baptist Choirs To Present Special Easter Music Here

Easter services in the First Baptist Church Sunday morning will feature two special numbers by the combined youth and adult choirs.

The choirs, under the direction of S. L. Tate Jr., will sing "All Hail the Power of Jesus Name" with brass and kettle drum accompaniment. The second selection will be "Christ Arose."

LARRY BUTLER SETS RECORD IN 880 AT COLEMAN, SEYMOUR

The Hamlin Pipers track team have been busy the last two weeks participating at the Coleman relays and the Seymour relays respectively. The Pipers placed fourth at Coleman and sixth at Seymour.

Hamlin's Larry Butler was high point man of the Coleman meet, March 14, with 13 points as he set a new record in the 880 yard dash with 2:04 clocking and placed second in both the high and low hurdles. Other standouts at Coleman were Robert Pearce, Mike Shivers, and Jesse Mendoza. Pearce had a leap of 20' 10½" in the broad jump for a second place and Mike Shivers set a new record in the high jump with a leap of 5' 10".

At Seymour, Saturday, again Butler set the new record for the 880 yard run with a 2:05.5 clocking. Other point producers were Robert Pearce, Mike Shivers, Larry Simpson, and Kenneth Scott.

Mike Shivers placed second in the high jump with a leap of 5'10" and Larry Simpson took the third place ribbon with a jump of 5'8".

Kenneth Scott running his best mile for the year placed fifth with a 4:57.0 time.

This week the Pipers will travel to Ranger for the Red Dog Relays. This is one of the largest and finest track meets in West Texas.

To Present Cantata

The youth choir of Faith Mehodist Church will present a cantata, "The Wonder of Easter," by Lillenas during the 11 a.m. worship hour Easter Sunday.

FRIDAY FINAL DAY FOR FILING FOR SMALL GRAIN PROGRAM

Friday, March 27, is the last day for filing an application to take part in the 1964 Feed Grain Program, J. E. Nix, chairman, Agriculture Stabilization and Conservation County committee, said today. He urges growers who are interested in the program to call at the Jones ASCS County Office as soon as possible.

"There are only a few more working days left in which to sign up for this year's program," the chairman pointed out. "The office is open from 8 a.m. to 5 p.m. from Monday through Friday (except for the lunch hour), and we don't want anybody to be disappointed because he waited too long."

As last year, Mr. Nix explains, the feed grain program covers corn, grain sorghum, and barley. Minimum diversion under the 1964 feed grain program is 20 per cent of the individual farm's total feed grain base. If the diversion to 40 per cent or more, the higher rate of payment applies to the whole diversion.

Besides the diversion payments (part of which may be paid in advance if the farmer requests it), a participating grower also earns price support payments on the normal production of the acreage planted to one or more of the three feed grains in 1964, and he is also eligible to put his crop under the regular price support loans or purchase agreements.

Indications are that 1964 participation will run ahead of that under the 1963 feed grain program, Mr. Nix stated.

Women's Golf Club Sets Date for Annual Ladies Tourney

Date for the annual invitational tournament being sponsored by the Hamlin Women's Golf Association was set for May 19 at the regular business session.

Play will begin for the group next Tuesday and the first Tuesday of each month has been designated as Visitors Day.

Plans were also discussed for the Youth Tournament to be held later in the year.

Anyone wishing to join the association may contact Mrs. R. D. Compton, second vice president.

Other officers serving at this time are Mrs. E. D. Perrin, president; Mrs. M. L. Smith, first vice president; Mrs. Duane Stallcup, secretary - treasurer; and Mrs. B. O. Bell, reporter.

Sister of Two Local People Dies in Car Wreck in Calif.

Mrs. J. W. Wallace, 58, of Lone Pine, Calif., sister of Abney Daniel and Mrs. L. E. Hines of Hamlin, was killed in a car wreck near Lone Pine Monday morning.

Her husband is hospitalized in Lone Pine for treatment of injuries sustained in the accident. He is in serious condition.

The former Myrtle Daniel, she came to the Hamlin area as a child and lived here until she moved to Calif. 35 years ago.

Survivors include her husband, Johnnie; eight children; three sisters, four brothers, and several grandchildren.

Losses Hit $4000 in Tuesday Night's Robbery, Vandalism

Three businesses were hit here Tuesday night causing damage or loss of up to $4,000. Witt Jewelery was hardest hit as their store was burglarized and about 40 high priced watches and the better diamonds were taken. Hamlin Paint and Body and Carl Murrell Chevrolet Used Car lot was also hit.

The jewelry store owners, Mr. and Mrs. I. R. Witt, discovered the back door had been forced open when they opened the store Wednesday morning. Inside they found that the merchandise in the windows and showcases had been stripped.

The Witts always bar the door from the inside when closing for the evening. They said that the thieves apparently forced the door open with a crow bar.

The inventory of all missing items was not complete at Witt Jewelry at press time but it is expected to be more than $3000. The owners said Wednesday afternoon that they had adequate stock for the sale merchandise that is being advertised in this issue.

James Josey at Hamlin Paint and Body was victimized when thieves cut the barbed wire at the top of the storm fence at the back of the building and climbed over to take a spare wheel off of a stored car.

At Carl Murrell Chevrolet damage to three used cars was estimated at $100. Huge stones had been hurled through the windshield of one car, the back glass of another, and side glasses on the third auto.

Earlier in the week a break-in was reported at Frank's Pit Barbecue. Mr. and Mrs. Frank Parks, owners discovered the entry and notified the local police at 9 a.m. Tuesday. During the night the burglars took about 10 to 15 pounds of meat one and one-half cases of bottled soft drinks.

Saturday a break-in was reported at the Oscor DePriest School. Damage to a desk drawer was all that was reported.

The robberies and vandalism incidents are being investigated by the local police and Sheriff Dave Reeves of Anson.

School Out Here Friday, Monday For Easter

The Easter holidays for students in Hamlin Public Schools will begin when regular classes dismiss today (Thursday).

There will be no school Friday and Monday. Classes resume on regular schedule Tuesday.

COMMUNITY SUNRISE EASTER SERVICES PLANNED SUNDAY

The Easter Sunrise Service sponsored by the Hamlin Ministerial Alliance will be held at 7 a.m. Sunday in the First Methodist Church. Rev. Lenard Hartley, pastor of the First Baptist Church will bring the message.

A choir made up of members from the participating churches will be under the direction of Mrs. Willard Maberry.

The Alliance encourages everyone to attend this special service. It is their hope that all of Hamlin might be blessed and spiritually inspired during this Easter season.

Following the prelude and call to worship the welcome will be given by Rev. Cecil Stowe, pastor of the Church of the Nazarene.

REV. LENARD HARTLEY
. . . Easter sunrise speaker

Rev. Royce Womack, pastor of the First Methodist Church will give the invocation. Scripture will be read by Rev. Bill Irwin, pastor of the Central Avenue Baptist Church.

Rev. J. C. Amburn, pastor of the Assembly of God Church will give the benediction.

Joe Hudspeth Buys Stamford Tire Store

In a transaction completed Monday in Stamford, Joe Hudspeth of Hamlin assumed ownership of the Weaver Medlin tire store in Stamford. Roy Barnett, a long-time employee of the Goodyear Tire and Rubber Co. who was employed here by Joe Hudspeth's since December of last year has been named manager of the Stamford operation.

The business will be known as Joe Hudspeth's and will handle Goodyear tires, tubes and batteries as well as front-end alignment, brake service and auto inspections.

Plans call for the remodeling of the present building on North Swenson to accomodate a department for large electric appliances such as refrigerators and washing machines.

Hudspeth moved to Stamford in 1948 and then moved to Hamlin about eight years ago to open a tire store here. This past year the Hamlin store was moved to new, larger quarters on Southeast Ave. A. Hudspeth will continue to be active in the operation of his store here.

Jones County 4-H Fun Festival Set For April 27, Anson

The annual Jones County 4-H Fun Festival will be held in the Anson High School Auditorium at 7:30 p.m. on Monday night, April 27, according to Extension Agents, Kirby Clayton and Mary Newberry.

An estimated 20 skits, stunts and musical acts will be presented by the 400 Jones County 4-H members.

The public is invited to attend.

Ride in Barrel Race

The West Texas Barrel Racing Association monthly barrel race was held at Snyder Sunday.

Entrants from Hamlin included Mrs. Don Elmore, Mrs. Tim Jones and Mrs. Billy McIlwain in the novice division.

Stonewall 4-H Sets Electric Show April 4, Aspermont

The annual 4-H Electric Show will be held at 9:00 o'clock at the County Court Room, April 4th. The contest is open to all 4-H'ers in the county. The rules and regulations are that each 4-H'er must do at least one half of the work himself and use one half of material you have at home.

The contest is sponsored by the West Texas Utilities for the seventh straight year. 4-H'ers will be awarded to top entries and prizes and ribbons will be given to all other entries.

Applications Being Taken for Housing

Applications are now being taken for tenants in government housing additions. Some vacancies exist in the white and Spanish houses and eight units will be opened next week for Negro tenants.

Fred Jay is now taking applications according to a notice being published in this issue.

Maundy Thursday To be Observed

Maundy Thursday will be observed in the First Methodist Church at 7 p.m. tonight (Thursday) with a communion service.

The Rev. Royce Womack is the pastor.

THE MINISTER SPEAKS—

FOR WHAT IS YOUR LIFE?

By Rev. Spencer L. Liles
pastor, Foursquare Gospel Church

The complete life has four dimensions: namely, length breadth, depth and height.

The first dimension is length. Ordinarily one must live long to accomplish much. Time enters into every man's account as one of the great blessings of life. To accomplish much one must start early and continue long. Some people will have to live long in order to live much, for they have shortened this life by being too slow to begin. The false notion that youth is the time for careless living and sowing of wild oats has influenced many a person to postpone the beginning of sane living until so late that not much time is left for constructive service. The foundation of longevity is made or marred by the time we are twenty years of age.

Length is the first dimension, and too often it is the only dimension in some people's lives. It is said of Methuselah that he lived 969 years, beget sons and daughters and died. That is all that is said of him. His was a life of one dimension, namely, length.

The second dimension is breadth. Some one has said that one's life is as broad as his love, sympathy and service. Sympathy is love at work. You will not have to search long to find some one less fortunate than you are. I am in some way a debtor to every one I meet, and there is surely some way in which I can pay the interest on that debt.

The complete life has a third dimension, namely depth. Your life will be as deep as your convictions. Not many people in this day of expediency, policy, and compromise have convictions. There is no lack of opinions. There is no lack of beliefs. But there is a big difference between having a belief and having a conviction. A belief is what a man holds, while a conviction is what holds the man.

Everybody recognizes the difference between a man who is governed by a conviction and one who is governed by the opinons of the crowd. A man without convictions is fickle and shallow; he follows the trend of the mob. What the mob thinks he thinks, what the mob does he does; where the mob goes he goes. He has no controversies because he has no convictions. He assents to everything because he believes nothing.

The complete life has height also. Your life will be as high as the ideals you seek. The person with high ideals can not live on a low level. Any level he reaches will be too low for him, for his ideals cause him to continually seek higher levels.

KNOW YOUR CANDIDATE

JOE POOL
Democratic Candidate For Congressman-At-Large

Joe Pool, whose size prompted one voter to declare him qualified for his office of Congressman-At-Large, this year seeks his second term in the only Texas Congressional office which represents the entire state.

The Congressional candidate, who weighs 200 pounds plus and is five feet, six inches tall, won his present Congressman-At-Large seat in 1962.

Pool, who is an attorney and businessman, also operates a farm in Madison County. He was born in Fort Worth. In 1913 his father permanently located his bedding manufacturing business in Dallas and Pool attended grade school there. He graduated from Oak Cliff High School in 1929.

After working in California to save money for college, Pool attended the University of Texas. Later he transferred to Southern Methodist University, where he received his law degree.

Congressman Pool's first race for state office was in 1952, when he was elected to the Texas House. He served three terms in the Legislature. During his tenure, Pool was co-author of the Trinity River Authority Bill; authored the bill now in effect to outlaw lewd and horror comic books; wrote legislation to require insurance law reforms; and supported humane Society legislation.

He holds a perfect attendance record in the 88th Congress.

IN A HURRY!

It's Sunday! An exciting day! I've planned so many interesting ways to present God's love to the wee small people I'm teaching. How they love God and His church! They are always there early. Must hurry! My young ones want to be there early too. How pleased our Father in Heaven must be to see so many preparing excitedly and happily to have a worship experience with Him.

See you there in a very little while!

Psalm 26:8 *"Lord, I have loved the habitation of thy house, and the place where thine honor dwelleth."*

EVERYONE IN THE CHURCH — THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be.

So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price.

Or you can choose the thrifty Chevy II, a 15¼-foot family car with all kinds of passenger and luggage space.

This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chevrolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

Mr. and Mrs. Jack W. Bond, Sammy and Joy, Mr. and Mrs. W. E. Newsome, and Mr. and Mrs. M. A. Bond, all of Hamlin.

County HD Agent Tells When to Prune

The time to prune shrubs depends largely on the time they bloom, says Mrs. Newberry, Jones County Home Demonstration Agent.

Shrubs that bloom in the summer and early fall may be pruned early in the spring before new growth starts. Included in this group are hydrangea, crepe myrtle, hibiscus, privet and floribunda roses.

Spring-blooming shrubs—lilacs, forsythis and the like—are pruned after they have flowered.

Group Warns To Watch Tags When Buying Seed

The next time you buy a bag of cotton seed, pay close attention to the tags. Chances are there won't be any; or there may be as little as one or as many as three.

If you purchase cotton seed from a neighbor, there likely will be no tag on the bag, and seed purchased from a ginner, a seed dealer, or breeder may have from one to three, depending on the quality of the seed. The tags are a word picture of the seed in the bag.

Cotton seed purchased through regular seed trade channels such as gins, seedsmen and farm stores, must always be tagged with the Texas tested seed label. This is a brown tag which lists the vendor's statement of analysis. It also provides the vendor's name, address, kind of seed, variety, germination, purity, inert matter, other crop seed, noxious weed seed and weight of bag.

A second kind of tag may be on the bag. This happens when seed are tested for seed-borne diseases. The bag is tagged with a treatment tag. Read this to find out the amount of treatment used and the kind. A high percentage of registered or certified seed are tagged in this way.

The third tag, which is the most important, is the certified tag. This assures varietal purity, and guarantees you it was produced under rigid conditions from originator seed and inspected by impartial inspectors of the Texas Department of Agriculture. The certified tag is "the tag on the bag that guarantees the breeding in the seed." Ask for it when you buy your cottonseed this year.

(Texas Certified Seed Producers, Inc., a voluntary non- profit Texas corporation, formed to disseminate information in respect to certified or registered planting seed.)

Motorists Warned To Have Cars Inspected Soon

mer Garrison Jr., director of the Texas Department of Public Safety, reported today that some 1,500,000 Texas vehicles have only until Wednesday, April 15 to be inspected as required by law.

"In the remaining 3½ weeks of the inspection period, it is possible for the state's 5,100 licensed inspection stations to handle the last minute inspections only if motorists take their vehicles in immediately so there will be no delay periods between inspecting one vehicle and the next," he said.

"From now until the deadline, every minute of the inspection station's time will be at a premium, and waiting lines will become general throughout the state as it approaches."

Garrison urged Texans to avoid the incovenience of waiting in line to get the safety inspection sticker for 1964 by taking immediate action. He said that beginning Thursday, April 16, officers will be obliged to start handing out tickets for non-compliance with the Motor Vehicle Inspection Law which requires an annual inspection of vehicles.

Robert Ortiz Jr. Graduates

LOCKBOURNE AFB, Ohio—Airman First Class Robert Ortiz Jr., son of Mr. and Mrs. Robert Ortiz of Helen, W. Va., has graduated from the United States Air Force Noncommissioned Officer Preparatory school here.

Airman Oritz, an Air Force jet aircraft mechanic, is assigned to the 376th Organizational Maintenance Squadron here. He was trained in management, leadership, security and human relations.

The airman is a graduate of Mark Twain High School, Stotesbury, W. Va. His wife Mary, is the daughter of Mr and Mrs. T. W. Current of Rt. 1, McCaulley.

Mr. and Mrs. Welford Bussey are parents of a boy, born Mar. 20 at 8:35 p.m. He weighed 6 lbs. 7 oz. His mother is the former Barbara Jeannette Cork.

PHILOSOPHER WONDERS IF SMALL NATIONS AREN'T SMARTER THAN THE BIG ONES

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 discusses size in his letter this week. He doesn't say whether he's for it or against it.

Dear editar:

Sometimes you get to wondering, who's the smartest, the big fellows or the little fellows?

I'm not talking about big farmers and little farmers, although it works there too, with one difference being that when it rains and is too wet to plow a little farmer goes fishing while a big farmer takes advantage of the lull in work to rush into town and re-finance his loans.

What I was thinking about though was countries. Take Canada. Now Canda isn't considered a major nation, but I was reading in a newspaper the other day that she has decided not to spend any money on atomic bombs, guided missiles, etc.

As I understand it, Canada has figured out that the main secret now to the atomic bomb is having enough money to make one, and since the United States and Russia each now has enough bombs in storage to kill every person on earth 100 times, anything Canada would do in this line wouldn't add to the world's safety, only to Canada's debt. When you get right down to it I guess a man had rather be unsafe and solvent than unsafe and broke.

This is the difference beween Canada and France. France is determined she is going to be a world power and is working like mad now to build atomic weapons at a cost of billions of dollars, on the theory I guess that the deeper you get in debt, the more major a world a world power you become. She'll have to go a long ways to overtake the United States in this department. As for Russia, I can't say, I don't know anything about her debts. It's hard to go into debt when no other country will lend you anything and your own people don't own anything.

However, to get back to my first paragraph, I'm not saying that a little farmer or countries are automatically smart, or vice versa for the big ones. I don't know how to gauge smartness, but my observation is that it hasn't got anything to do with size. I doubt if this Johnson grass farm would be run any better if you doubled it or cut it in half.

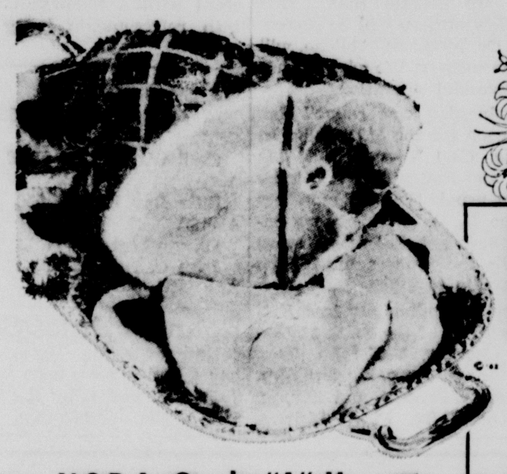

Yours faithfully,
J. A.

Mr. and Mrs. Roy Dewayne Ashley are parents of a daughter, Mildren Belinda, born Mar. 25 at 5:19 a.m. She weighed 7 lbs. 6 oz.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Spring arrived last Friday, with a big frost and freezing weather, but soon warmed up again. The men that know about such things, say that it did not get cold enough, and stay that way long enough, to kill the fruit. All trees are in full bloom, with prospects for a big fruit crop, if it escapes the Easter spell, and Easter comes early this year, being next Sunday.

A much appreciated rain fell last Wednesday, and that night, amounting to about one inch. The small, slow rains are very beneficial to the wheat, which is really growing, but the stockmen would love to see a rain that runs water in the tanks. April is coming up soon, so every one has high hopes of receiving more rain in that month.

Attendance was good at church Sunday, in fact all classes but one, had 100% attendance. The men were bragging to the women of having 100% attendance, but the women topped them, by all in their class having studied their lesson. Having an almost perfect attendance record doesn't mean that we had a big crowd, but just that almost all of us were there. It just breaks your heart to see our rural churches dwindling away, but people are just not there any more, it is just another sign of our changing times, people are all moving to town.

Last Sunday, Mr. and Mrs Woodrow Goodwin, accompanied by Mr. and Mrs. Archie Hogan, Spur, went to Dallas where Mr. Goodwin went before the State Board, to get a barbers license, which test he passed, so he is now a licensed barber and worked Friday and Saturday, in the Moore Barber Shop in town.

Surgery has been set for next Thursday morning, for Miss Maude Drake, in St. Ann Hospital, Abilene, to remove cataracts from her eyes. Miss Drake has become almost blind, as well as her sister, Della, and it is hoped that she will regain her sight. Miss Della had one of her eyes operated, but owing to her physical condition, she lost her sight again, but physicans are hopeful that Miss Maude's surgery will be successful. Dr. Nystrum, Abilene, will do the surgery. We wish for her a successful operation.

Wednesday was council day in Anson for the H.D. clubs, so Mmes. Carl Young, Runt McCoy, and Elmer Joiner, attended as usual. We, the members of the H. D. clubs, always enjoy these get togethers, every month, for business and for the fellowship together.

Those attending services Saturday night at the Faith Methodist Church, in Hamlin, from out our way were, Mr. and Mrs. George Wainscott and Jimmy, Mr. and Mrs. Flavil Holmes, Mr. and Mrs. Winson Gray.

Mr. and Mrs. Jack Wright, Melinda and Keenan, ate lunch and spent the day Sunday, with Mr. and Mrs. Flavil Holmes.

Mr. and Mrs. Fred Rosenbaum ate lunch with Mr. and Mrs. Winson Gray, Sunday.

The Rosenbaums report that they have been doing some fishing the past week and caught some nice fish. It has been that kind of weather, for those that love fishing.

Mrs. E. A. Henry went last Tuesday, over near Rotan, and spent the day with her sister Mrs. Obie Wright.

It has been learned that a sister of Mr. Jack Gray passed away in California, and funeral services will be held in Oklahoma, Tuesday. It has been a short while since a brother of his passed away, so our sympathy goes to him and all of his family.

Family night will be held Wednesday night, at the oil mill guest house in Hamlin Prayer meeting will be combined with a fellowship hour with refreshments being served.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — District, county, city and precinct officials learned the hard way from the Texas Supreme Court that the constitution and laws mean what they say.

Since 1876, the constitution has provided that a federal or state official is not eligible to serve in the Texas Legislature "during the term to which he was elected" to his previous office.

Even resignation before filing will not cure the ineligibility, the high court held in ruling former Bexas County Commissioner Sam Jorrie off the ballot as a House candidate and in refusing to order ex-Fort Worth City Councilman Doyle Willis certified as a Senate candidate.

Jorrie had resigned Feb. 1 and his successor has been named. Willis' place was automatically vaccanted when he filed for the Senate. His successor, too, has been named.

The decisions also will apply to a Port Arthur councilman, Bob Wyde, and to a Fort Worth constable, O. L. Watson, Jr., both of whom had filed in the Democratic primary for legislative seats.

In a Travis County case, the Court held that Justice of the Peace Curtis Lacy could not run for re-election because he had moved out of the precinct, and did not meet the law's standard which is: You must have lived in the precinct, county or district you seek to represent for at least six months before the primary or general election at which you seek to be elected.

Supreme Court also kept in force an earlier decision that slant-hole oil wells can be redrilled or straightened. A Railroad Commission motion for rehearing was refused.

In a San Antonio case, the Court agreed with a Court of Civil Appeals ruling that income from a Texas trust could not be spent for establishing a non-medical "clinic hospital" in California which would be illegal in Texas.

Attorneys for two big discount stores challenged Sunday closing laws. Shoppers World Inc. of Corpus Christi claimed any type of article may be sold on Sunday if customers sign a certificate that their purchase is necessary to their welfare, health or safety. Spartan stores' attacked the 1961 blue law's constitutionality.

In the Third Court of Civil Appeals, a 1960 ordinance by which LaPorte annexed 12 square miles of territory in Harris County won approval in a decision reversing the trial court.

REDISTRICTING HEARING SET — Houston federal court has set the showdown hearing on congressional redistricting for Friday (March 27).

"We will be ready," said Atty. Gen. Waggoner Carr who had anticipated an early setting.

Outcome of the case will determine whether Texas must hold statewide elections for all congressmen or perhaps hastily redraw congressional boundaries in a special session of the Legislature.

U. S. Supreme Court has upheld the Houston court's October 19 finding that present districts are unconstitutionally drawn in favor of rural areas. It has permitted the state to go back to the lower court, however, to explain problems involved in state-wide congressional voting after the regular election process already has been set in motion.

Houston court has held—and the Supreme Court agreed — that districts must be based as nearly equal in population as is feasible. Texas districts, if absolutely equal, would contain 416,000 population each. They now vary from 216,371 to 951,527.

State Democratic administration wants to delay effect of the ruling until the next regular session in 1965.

Five Republican leaders brought the original suit. Twenty-two Republican congressional candidates and Bob Looney, Democratic candidate for Congressman-At-Large, have intervened on the side of immediate redistricting.

CONNALLY THREATENED — The FBI filed charges in Nashville, Tenn., against two women alleged to have made telephone threats on the life of Gov. John Connally the — Jack Ruby was sentenced to death.

Connally told newsmen threats and "vile" letters had increased since the Rudy verdict. Most of the letters and calls come from out of state. Actually, he has been subject to numerous such threats since the assassination of President Kennedy in Dallas on November 22, when Connally was seriously wounded.

BELLI BLAST — D — Flamboyant Melvin Belli defense attorney in the Jack Ruby Murder trial, who bad-mouthed Dallas and the trail court there, received a return blast from Attorney General Carr. Said Carr of Belli's repeated anti-Dallas talk:

"An example of professional ethics which should shock all our members from coast to coast . . . . It is almost a certainty to state that, had Mr. Belli acted so irresponsibly in the courts of his state or in the federal courts, he would have promptly been held in contempt and heavily fined and/ or placed in jail."

The president of the American Bar Association, in a speech to San Francisco, Belli's home town, said: "That he (Belli) should so flagrantly disregard the code of professional ethics, and his oath as an attorney, is a discredit to him and to his profession."

Belli, who has resigned from the American Bar Association, anyway, retorted: . . . "Being barred from the ABA would be like being banned from the Book of the Month Club."

'WATCHDAG' AGENCY SETS RECORD — Agriculture Commissioner White claimed a record number of public service inspections conducted by his department — which he termed a "watchdog agency" — over the past year. He said there were more than 1,400,000 separate acts of inspection.

Inspections ranged from checking the accuracy of gasoline pumps to crops in the field and products at retail outlets. He estimated that on commercial scale corrections alone, his staff saved Texas housewives more than $2,000,000 last year.

APRIL OIL ALLOWABLE — Texas oil production will be held at 29 per cent of potential during the next month, highest figure for April in five years.

Texas Railroad Commission, which heard predictions of nine major oil purchasers that demand for oil will increase from two to three per cent this year, set April allowable at 2,931,746 barrels daily. March production was 2,983,222 barrels a day, also under a 29 per cent order.

Twenty-four executives, delivering their annual state-of-the industry reports, said there were 177,800,000 barrels of crude oil on hand in Texas on March 1. This is some 1,480,000 barrels more than they figured desirable.

Railroad Commissioner Jim Langdon reported that substantial progress is being made toward re-organization of the Commission. He also stated the Commission will move to curb water pollution due to faulty well engineering.

APPOINTMENTS ANNOUNCED — Governor Connally named D. M. Skidmore of El Paso and E. Earl Merrill Jr. of Bryan to the State Board of Architectural Examiners.

Hugh M. Patterson of Houston was designated a member of Texas Civil Judicial Council, and Wallace Scott of Austin named to the State Board of Canvassers.

CRIME AT NEW HIGH — Major crime in Texas reached a new high last year, with a felony committed every two and a half minutes, Department of Public Safety records show.

Crimes reported to DPS in 1963 totalled 229,254 — a 5.8 per cent increase over 1962 and 88.6 per cent above 1953. Seven major felonies tabulated showed these rate increases: murder, up 8.5 per cent; rape, up 14.2 per cent; robbery, up 10.6 per cent; burglary, up 4.9 per cent aggravated assault, up 4.4 per cent; theft, up 6.6 percent; and auto theft, up 2.8 per cent.

FUNDS DWINDLING — Screwworm eradication funds will be spent by July 1, reports the Southwest Animal Health Research Foundation. Maintenance of the barrier zone of sterile screwworm flies between Mexico and the U. S. will depend on congressional appropriation.

Two new screwworm cases have been confirmed — one in Medina County, another in McCulloch County near Brady.

NEW SHELL SUIT FILED — Costal interests have filed a new suit seeing to thwart Parks and Wildlife Commission orders permitting close-in shell dredging in Galveston and Trinity Bays.

Suits urged that dredgers be moved back 1,500 feet from live oyster reefs. Commission voted to permit dredging as close as 300 feet under supervision.

SHORT SNORTS — General Land Office will receive sealed bids on May 5 for more than 369,785 acres of state school lands offered for lease. . . . . U. S. Judge Homer Thornberry has been assigned to preside over Austin and Waco sessions in the Western District, succeeding veteran Judge Ben H. Rice Jr., who died at Marlin. . . . . More than 2,270 Texans came down with the measles during the week ending March 7, State Health Department said, bringing the year's total to nearly 10,000 . . . . . BILL'S MINIT MART

SP 4-2131

CONG. BURLESON INTRODUCES BILL TO CURB BEEF IMPORTS

Congressman Omar Burleson has introduced a bill to impose import limitations on meat imports, setting the limit at an average figure for the five years from 1959 through 1963.

Burleson, stated, "We have got to protect our own interests first. Such action might even strengthen our international position by winning the respect of other nations. That seems to be the way they approach us and, as a matter of fact, a firmer position on all imports could be of help to us in the forthcoming Tarriff and Trade negotiations at Geneva. If we took a self interest attitude the same as other trading nations and the European Common Market, and stopped subsidizing their industry and agriculture, we might be able to negotiate from a position of strength."

Burleson went on to say that "we have in our hands the best possible bargaining tools with Australia, the principal importer of meats to the United States. Sugar, which is more important to Australia as an export than meat, could, in my opinion, be a key to our trade reations. She is fourth largest producer of sugar in the world and furnishes this Country with 217 million tons last year at world prices, which generally were considerably lower than that of our domestic price. We could give Australia a 200 million ton allotment as a bargaining proposition."

The cattle area Congressman does not believe that an import limit, driving beef prices back up, might enrage consumers and the large city representatives. He explained the housewife pays twice as much for beef now as she did in 1954 when imports were only 2 per cent of domestic production. Ranchers then got 65 cents of every beef dollar the consumer spent, while now they get only 54 cents.

Graduation Set for Baptist Teacher Training Students

Graduation services for the recently completed class of teacher training education will be held at the First Baptist Church Sunday evening during the worship service.

The six-month course was attended by 17 adults. This will be the third group to be graduated.

Instructors for the course which met on Sunday morning at 9:30 a.m. and Wednesday evenings were Rev. Lenard Hartley, pastor, S. L. Tate Jr., music-education director, and Mrs. Tate May.

All persons who attended the three classes were honored at a covered dish dinner Tuesday evening at the church. Members of their families were guests.

Preceding the graduation the beginner, primary and junior choirs will present special music. The primary and junior groups will present the selections that they gave in the District Festival Saturday in Abilene.

by BOB CRAIG

The Hamlin Herald
Hamlin, Texas U. S. A.
Dear Sir:

On behalf of my husband and myself, I like to write you few lines of appreciation on the prompt delivery of the Hamlin Herald.

I am not very good writing the English language, but I do hope you can understand my letter.

My husband, A/1C Jimmy D. Boatright, son of Mr. and Mrs. E. W. Boatright of Hamlin, has been assigned for a three year tour witn the 7030th C. S. W. as a Supply Specialist in Ramstein AFB, Germany. We do like our assignment very much — for it gives us a chance to visit with my parents once in the while — also we take trips all over Germany, France and Luxemburg.

Nevertheless we do miss all our good and swell friends in Texas and that is one of the many reasons we are so grateful for receiving the Hamlin Herald. At least we have a chance to keep up with the happenings and a little gossip. Keep up the good work and thanks again.

Sincerely,
Mrs. Jimmy D. Boatright

(Editor's note: The Herald is being sent to the Boatrights by his mother who also paid for the Air Mail postage in order for the couple to receive the paper more promptly.)

Airman Boatright is serving his second assignment in Germany. In 1957, while in Germany, he met his wife, Gulle, in St. Georgia where they were married. They later returned to the U. S. and he was stationed at Brooks AFB near San Antonio.

After being in the U. S. for three years the couple and their son, Donald Wayne, now 5, returned to Germany in December of 1962.

Dear Editor:

Enclosed is my check for another year's subscription to the Hamlin Herald.

I want to say I enjoy the paper very much each week, especially the article written by the different ministers. In fact I am very disappointed when it isn't in the paper.

I will be looking forward to each Friday when I receive the paper.

Sincerely,
Mrs. C. W. Hadwin

AT DAD-DAUGHTER BANQUET SATURDAY—Those seated at the head table at the Dad-Daughter Banquet Saturday night are shown left to right, Howard Mehaffey and daughter, Kevin, winner of a candy award; Mrs. S. L. Tate, little daughter, Amy, Mr. Tate; W. L. Hunter and daughter, Mitzi; Jerry Waggoner and daughter, Jeri Ann, also winner of a candy award; Dr. James Harrison and twin daughters, Marolyn and Carolyn. Mr. and Mrs. Tate presented entertainment. Hunter, president, was master of ceremonies. Dr. Harrison gave the invocation.

CANDY AWARDS PRESENTED AT ANNUAL CAMP FIRE BANQUET

Candy awards were presented to Jeri Ann Waggoner, daughter of Mr. and Mrs. Jerry Waggoner, and Kevin Mehaffey, daughter of Mr. and Mrs. Howard Mehaffey, at the annual Dad-Daughter Camp Fire banquet in the junior high school gymnasium. The girls earned the honor by selling the most candy during the annual candy sale.

W. L. Hunter Jr., president of the Camp Fire Council, presented the awards. He also served as master of ceremonies.

Special entertainment was furnished by Mr. and Mrs. S. L. Tate Jr.

At this time there are nine groups composed of 99 girls and 28 adult workers. With the 17 adults of the Camp Fire Council the total membership of the organization is 144.

Other officers are James Brown, vice president; Mrs. David Casey, secretary; Mrs. Bill Shira, treasurer; Mrs. Bob Craig, reporter; Mrs. Miller Haron, leaders representative.

Three year directors are Hunter, Brown, Mrs. Casey, Mrs. Holly P. Toler, Mrs. Jack Willingham and Mrs. Craig.

Two year directors are Bill Feagan, Parker Kelley, James Harrison, Mrs. Kenneth Riddle, Mrs. Bill Shira, Mrs. Bill Feagan.

One year directors are Dewey Nunley, A. V. Neinast, Johnny Hester, Mrs. Lou Bishop and Melvin Scott.

Seventeen girls have recently earned the Three Year Honor, given for three years of consecutive membership. They are: Taness Driskell, Sharon Hastings, Helen Howard, Deborah LaFernier, Kevin Mehaffey, Susan Patterson, Denice Preston, Lana Blanton, Leslie Harkey, Debora Brown, Betty Burleson, Janis George, Marsha Hester, Barbara Price, Fodie Sonnenburg, Crystal Walton and Cynthia Foster.

First Baptist Choirs To Present Special Easter Music Here

Easter services in the First Baptist Church Sunday morning will feature two special numbers by the combined youth and adult choirs.

The choirs, under the direction of S. L. Tate Jr., will sing "All Hail the Power of Jesus Name" with brass and kettle drum accompaniment. The second selection will be "Christ Arose."

LARRY BUTLER SETS RECORD IN 880 AT COLEMAN, SEYMOUR

The Hamlin Pipers track team have been busy the last two weeks participating at the Coleman relays and the Seymour relays respectively. The Pipers placed fourth at Coleman and sixth at Seymour.

Hamlin's Larry Butler was high point man of the Coleman meet, March 14, with 13 points as he set a new record in the 880 yard dash with 2:04 clocking and placed second in both the high and low hurdles. Other standouts at Coleman were Robert Pearce, Mike Shivers, and Jesse Mendoza. Pearce had a leap of 20' 10½" in the broad jump for a second place and Mike Shivers set a new record in the high jump with a leap of 5' 10".

At Seymour, Saturday, again Butler set the new record for the 880 yard run with a 2:05.5 clocking. Other point producers were Robert Pearce, Mike Shivers, Larry Simpson, and Kenneth Scott.

Mike Shivers placed second in the high jump with a leap of 5'10" and Larry Simpson took the third place ribbon with a jump of 5'8".

Kenneth Scott running his best mile for the year placed fifth with a 4:57.0 time.

This week the Pipers will travel to Ranger for the Red Dog Relays. This is one of the largest and finest track meets in West Texas.

To Present Cantata

The youth choir of Faith Mehodist Church will present a cantata, "The Wonder of Easter," by Lillenas during the 11 a.m. worship hour Easter Sunday.

FRIDAY FINAL DAY FOR FILING FOR SMALL GRAIN PROGRAM

Friday, March 27, is the last day for filing an application to take part in the 1964 Feed Grain Program, J. E. Nix, chairman, Agriculture Stabilization and Conservation County committee, said today. He urges growers who are interested in the program to call at the Jones ASCS County Office as soon as possible.

"There are only a few more working days left in which to sign up for this year's program," the chairman pointed out. "The office is open from 8 a.m. to 5 p.m. from Monday through Friday (except for the lunch hour), and we don't want anybody to be disappointed because he waited too long."

As last year, Mr. Nix explains, the feed grain program covers corn, grain sorghum, and barley. Minimum diversion under the 1964 feed grain program is 20 per cent of the individual farm's total feed grain base. If the diversion to 40 per cent or more, the higher rate of payment applies to the whole diversion.

Besides the diversion payments (part of which may be paid in advance if the farmer requests it), a participating grower also earns price support payments on the normal production of the acreage planted to one or more of the three feed grains in 1964, and he is also eligible to put his crop under the regular price support loans or purchase agreements.

Indications are that 1964 participation will run ahead of that under the 1963 feed grain program, Mr. Nix stated.

Women's Golf Club Sets Date for Annual Ladies Tourney

Date for the annual invitational tournament being sponsored by the Hamlin Women's Golf Association was set for May 19 at the regular business session.

Play will begin for the group next Tuesday and the first Tuesday of each month has been designated as Visitors Day.

Plans were also discussed for the Youth Tournament to be held later in the year.

Anyone wishing to join the association may contact Mrs. R. D. Compton, second vice president.

Other officers serving at this time are Mrs. E. D. Perrin, president; Mrs. M. L. Smith, first vice president; Mrs. Duane Stallcup, secretary - treasurer; and Mrs. B. O. Bell, reporter.

Sister of Two Local People Dies in Car Wreck in Calif.

Mrs. J. W. Wallace, 58, of Lone Pine, Calif., sister of Abney Daniel and Mrs. L. F. Hines of Hamlin, was killed in a car wreck near Lone Pine Monday morning.

Her husband is hospitalized in Lone Pine for treatment of injuries sustained in the accident. He is in serious condition.

The former Myrtle Daniel, she came to the Hamlin area as a child and lived here until she moved to Calif. 35 years ago.

Losses Hit $4000 in Tuesday Night's Robbery, Vandalism

Three businesses were hit here Tuesday night causing damage or loss of up to $4,000. Witt Jewelery was hardest hit as their store was burglarized and about 40 high priced watches and the better diamonds were taken. Hamlin Paint and Body and Carl Murrell Chevrolet Used Car lot was also hit.

The jewelry store owners, Mr. and Mrs. I. R. Witt, discovered the back door had been forced open when they opened the store Wednesday morning. Inside they found that the merchandise in the windows and showcases had been stripped.

The Witts always bar the door from the inside when closing for the evening. They said that the thieves apparently forced the door open with a crow bar.

The inventory of all missing items was not complete at Witt Jewelry at press time but it is expected to be more than $3000. The owners said Wednesday afternoon that they had adequate stock for the sale merchandise that is being advertised in this issue.

James Josey at Hamlin Paint and Body was victimized when thieves cut the barbed wire at the top of the storm fence at the back of the building and climbed over to take a spare wheel off of a stored car.

At Carl Murrell Chevrolet damage to three used cars was estimated at $100. Huge stones had been hurled through the windshield of one car, the back glass of another, and side glasses on the third auto.

Earlier in the week a break-in was reported at Frank's Pit Barbecue. Mr. and Mrs. Frank Parks, owners discovered the entry and notified the local police at 9 a.m. Tuesday. During the night the burglars took about 10 to 15 pounds of meat one and one-half cases of bottled soft drinks.

Saturday a break-in was reported at the Oscor DePriest School. Damage to a desk drawer was all that was reported.

The robberies and vandalism incidents are being investigated by the local police and Sheriff Dave Reeves of Anson.

School Out Here Friday, Monday For Easter

The Easter holidays for students in Hamlin Public Schools will begin when regular classes dismiss today (Thursday).

There will be no school Friday and Monday. Classes resume on regular schedule Tuesday.

COMMUNITY SUNRISE EASTER SERVICES PLANNED SUNDAY

The Easter Sunrise Service sponsored by the Hamlin Ministerial Alliance will be held at 7 a.m. Sunday in the First Methodist Church. Rev. Lenard Hartley, pastor of the First Baptist Church will bring the message.

A choir made up of members from the participating churches will be under the direction of Mrs. Willard Maberry.

The Alliance encourages everyone to attend this special service. It is their hope that all of Hamlin might be blessed and spiritually inspired during this Easter season.

Following the prelude and call to worship the welcome will be given by Rev. Cecil Stowe, pastor of the Church of the Nazarene.

REV. LENARD HARTLEY
. . . Easter sunrise speaker

Rev. Royce Womack, pastor of the First Methodist Church will give the invocation. Scripture will be read by Rev. Bill Irwin, pastor of the Central Avenue Baptist Church.

Rev. J. C. Amburn, pastor of the Assembly of God Church will give the benediction.

Joe Hudspeth Buys Stamford Tire Store

In a transaction completed Monday in Stamford, Joe Hudspeth of Hamlin assumed ownership of the Weaver Medlin tire store in Stamford. Roy Barnett, a long-time employee of the Goodyear Tire and Rubber Co. who was employed here by Joe Hudspeth's since December of last year has been named manager of the Stamford operation.

The business will be known as Joe Hudspeth's and will handle Goodyear tires, tubes and batteries as well as front-end alignment, brake service and auto inspections.

Plans call for the remodeling of the present building on North Swenson to accomodate a department for large electric appliances such as refrigerators and washing machines.

Hudspeth moved to Stamford in 1948 and then moved to Hamlin about eight years ago to open a tire store here. This past year the Hamlin store was moved to new, larger quarters on Southeast Ave. A. Hudspeth will continue to be active in the operation of his store here.

Jones County 4-H Fun Festival Set For April 27, Anson

The annual Jones County 4-H Fun Festival will be held in the Anson High School Auditorium at 7:30 p.m. on Monday night, April 27, according to Extension Agents, Kirby Clayton and Mary Newberry.

An estimated 20 skits, stunts and musical acts will be presented by the 400 Jones County 4-H members.

The public is invited to attend.

Ride in Barrel Race

The West Texas Barrel Racing Association monthly barrel race was held at Snyder Sunday.

Entrants from Hamlin included Mrs. Don Elmore, Mrs. Tim Jones and Mrs. Billy McIlwain in the novice division.

Stonewall 4-H Sets Electric Show April 4, Aspermont

The annual 4-H Electric Show will be held at 9:00 o'clock at the County Court Room, April 4th. The contest is open to all 4-H'ers in the county. The rules and regulations are that each 4-H'er must do at least one half of the work himself and use one half of material you have at home.

The contest is sponsored by the West Texas Utilities for the seventh straight year. 4-H'ers will be awarded to top entries and prizes and ribbons will be given to all other entries.

Applications Being Taken for Housing

Applications are now being taken for tenants in government housing additions. Some vacancies exist in the white and Spanish houses and eight units will be opened next week for Negro tenants.

Fred Jay is now taking applications according to a notice being published in this issue.

Maundy Thursday To be Observed

Maundy Thursday will be observed in the First Methodist Church at 7 p.m. tonight (Thursday) with a communion service.

The Rev. Royce Womack is the pastor.

THE MINISTER SPEAKS—

FOR WHAT IS YOUR LIFE!

By Rev. Spencer L. Liles
pastor, Foursquare Gospel Church

The complete life has four dimensions: namely, length breadth, depth and height.

The first dimension is length. Ordinarily one must live long to accomplish much. Time enters into every man's account as one of the great blessings of life. To accomplish much one must start early and continue long. Some people will have to live long in order to live much, for they have shortened this life by being too slow to begin. The false notion that youth is the time for careless living and sowing of wild oats has influenced many a person to postpone the beginning of sane living until so late that not much time is left for constructive service. The foundation of longevity is made or marred by the time we are twenty years of age.

Length is the first dimension, and too often it is the only dimension in some people's lives. It is said of Methuselah that he lived 969 years, beget sons and daughters and died. That is all that is said of him. His was a life of one dimension, namely, length.

The second dimension is breadth. Some one has said that one's life is as broad as his love, sympathy and service. Sympathy is love at work. You will not have to search long to find some one less fortunate than you are. I am in some way a debtor to every one I meet, and there is surely some way in which I can pay the interest on that debt.

The complete life has a third dimension, namely depth. Your life will be as deep as your convictions. Not many people in this day of expediency, policy, and compromise have convictions. There is no lack of opinions. There is no lack of beliefs. But there is a big difference between having a belief and having a conviction. A belief is what a man holds, while a conviction is what holds the man.

Everybody recognizes the difference between a man who is governed by a conviction and one who is governed by the opinons of the crowd. A man without convictions is fickle and shallow; he follows the trend of the mob. What the mob thinks he thinks, what the mob does he does; where the mob goes he goes. He has no controversies because he has no convictions. He assents to everything because he believes nothing.

The complete life has height also. Your life will be as high as the ideals you seek. The person with high ideals can not live on a low level. Any level he reaches will be too low for him, for his ideals cause him to continually seek higher levels.

KNOW YOUR CANDIDATE

JOE POOL
Democratic Candidate For Congressman-At-Large

Joe Pool, whose size prompted one voter to declare him qualified for his office of Congressman-At-Large, this year seeks his second term in the only Texas Congressional office which represents the entire state.

The Congressional candidate, who weighs 200 pounds plus and is five feet, six inches tall, won his present Congressman-At-Large seat in 1962.

Pool, who is an attorney and businessman, also operates a farm in Madison County. He was born in Fort Worth. In 1913 his father permanently located his bedding manufacturing business in Dallas and Pool attended grade school there. He graduated from Oak Cliff High School in 1929.

After working in California to save money for college, Pool attended the University of Texas. Later he transferred to Southern Methodist University, where he received his law degree.

Congressman Pool's first race for state office was in 1952, when he was elected to the Texas House. He served three terms in the Legislature. During his tenure, Pool was co-author of the Trinity River Authority Bill; authored the bill now in effect to outlaw lewd and horror comic books; wrote legislation to require insurance law reforms; and supported humane Society legislation.

He holds a perfect attendance record in the 88th Congress.

there's just no limit

... to how clean electricity is. With just the flick of a switch or punch of a button—you never see it, or smell it, it's so clean you'd hardly know it was there. With no flame there is no smoke, smudge, film or fumes, no vents to check or burners to adjust—this means less cleaning required for walls, curtains, furniture. If you'll stop and think about it you'll agree that flameless electricity is the easiest, cleanest, most comfortable way to live.

If you'd like to install flameless electric heating in your home, see your electrical heating contractor or a representative from WTU.

IN A HURRY!

It's Sunday! An exciting day! I've planned so many interesting ways to present God's love to the wee small people I'm teaching. How they love God and His church! They are always there early. Must hurry! My young ones want to be there early too. How pleased our Father in Heaven must be to see so many preparing excitedly and happily to have a worship experience with Him.

See you there in a very little while!

Psalm 26:8 *"Lord, I have loved the habitation of thy house, and the place where thine honor dwelleth."*

EVERYONE IN THE CHURCH — THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Mrs. Cecil Klump attended a meeting in Hawley last Friday night along with representatives from five other District 17-B Schools, to make plans for presenting the District One-act Play Contest. The Contest will take place in Hawley on Friday, April 10.

Old Glory will present a play entitled "As the Whirlwind Blows." The time for our play in the contest will be at 5 p.m.

Mr. and Mrs. J. E. Flow, Merrilyn and Larry visited friends in Oklahoma last week end.

4-H

Three Adult leaders from the Old Glory 4-H Clubs are planning to attend the District Three 4-H Workshop at Lake Brownwood on March 24, 25, and 26. They are Mrs. Allen Letz, Mrs. Jack Jones and Mrs. Ray Bridges.

The Junior Boys 4-H Club met on March 10. They expressed their sympathy for their club secretary, Kenneth Jones, who had the chicken pox. Herby Woodridge, reporter, took the secretary's place.

Russell Letz and Herby gave a demonstration on Home Safety. Then the boys enjoyed playing games which offered candy bars as prizes.

Their next meeting will be held on March 24. Mr. Hennig Mrs. Letz, and Mrs. Jones were present.

The boys and their leaders have decided to present a "Style Show" as their Club's entry in the Talent Show on April 13. A meeting with the mothers of the boys will be held soon to plan costumes.

Mrs. Charlie Letz spent several days in Midland last week with her daughter and family, the Jerry Callicoattes.

Mrs. Geneva F. Davis of Odessa was here last week end visiting with the Allen Davises and other friends. Mrs. Davis is a former teacher in Old Glory School.

Mr. and Mrs. Herbert Klump were in Dallas last week. Mrs. Klump received treatment there.

Mrs. C. T. Pierce was honored with a pink and blue shower at the school cafetorium last Friday.

Mrs. V. R. Leverett was in Abilene last week to visit her mother who entered the hospital there.

Roy Wienke of Lubbock brought his father, W. G. Wienke, home last week. Mr. Wienke has been receiving treatment in Lubbock. He returned to Lubbock with Roy for further treatment.

V. R. Leverett attended the Administrators Meeting in Abilene last Thursday. The group studied the new math program.

R. D. Robinson Sr. has returned from Lovington, N. M. where he has been staying with his daughter's family, the Bill Bells, since they were in a wreck in January. Mrs. Robinson and daughter, Nancy, will return as soon as Mrs. Robinson is able to return. She is recovering slowly and hopes to come home next month.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be.

So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price.

Or you can choose the thrifty Chevy II, a 15¼-foot family car with all kinds of passenger and luggage space.

This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chevrolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

Mr. and Mrs. Jack W. Bond, Sammy and Joy, Mr. and Mrs. W. E. Newsome, and Mr. and Mrs. M. A. Bond, all of Hamlin.

County HD Agent Tells When to Prune

The time to prune shrubs depends largely on the time they bloom, says Mrs. Newberry, Jones County Home Demonstration Agent.

Shrubs that bloom in the summer and early fall may be pruned early in the spring before new growth starts. Included in this group are hydrangea, crepe myrtle, hibiscus, privet and floribunda roses.

Spring-blooming shrubs—lilacs, forsythis and the like—are pruned after they have flowered.

Nine Clubs Have Delegates at Jones HD Council Meet

The Jones County Home Demonstration Council met for March Council in the office of Mrs. Mary Y. Newberry, County Home Demonstration Agent. Nine clubs were represented, with 19 members and two visitors. Recreation was led by Mrs. Carl Young.

Good reports were given about the meetings held in the individual clubs. Clubs were reminded to turn in their suggestions for programs for the year 1965 to the yearbook committee by April Council meeting. A county wide Rally Day was discussed with further plans to be made at next council.

A nominating committee composed of Mrs. H. H. Windham, chairman, Mrs. H. H. Dunklin, and Mrs. J. E. McCoy was elected to select Council Officers for 1965.

Mrs. Newberry, with five adult 4-H leaders wil attend a 4-H Adult Leadership Workshop at Lake Brownwood, March 24, 25 and 26. The 4-H clubs of Jones County will have a "Share the Fun Festival" April 27 in the Anson High School Auditorium.

Mrs. Newberry announced a leader training meeting on "Summer Congealed Salads" will be held in her office April 21 at 11 a.m. Each leader is to bring her favorite congealed salad and the recipe. At the conclusion of the demostration a salad luncheon will be enjoyed by the leaders.

Agent Warns Not To Use Old Seeds

Flower seeds lose much of their vitality when stored under household conditions, and are generally no saving when held from one year to the next, according to Mrs. Newberry and U. S. Department of Agriculture plant specialists. They suggest that new seeds be purchased not too long before planting time. Allow no more than a three-month holding period, they say.

ARRANGEMENTS UNDERWAY FOR JONES COUNTY SINGING

With arrangements for the 72nd Annual Jones County Singing Convention in Anson Sunday, April 5, well underway a large number of quartets and other special singing groups are assured for the day-long program.

The announcement of this year's convention, made by P. D. McKinney, of Stamford, president, also included an invitation to all singers and lovers of old time singing to attend and participate in the program. The meeting place will be the Anson High School auditorium and the program is to be opened at 10:00 a.m.

Part of the afternoon program will be broadcast over radio stations KRBC in Abilene and KDWT in Stamford, McKinney said.

Special singers already scheduled on the program include the following:

The Cambell Quartet of Lubbock; Mr. and Mrs. Lonnie B. Combs of Stamps-Baxter Music Co., Dallas; The Pilgrimaires Quartet, Mesquite; Kendrick Quartet, Cisco; Big State Quartet, Sweetwater; Key City Quartet, Abilene; and the Tankersleys of Knox City.

Local arrangements for the convention are being directed by Larry Holmes of Anson, secretary, and E. B. Briton of Stamford, vice president of the organization is also assisting President McKinney in getting ready for the convention.

Sure-Fire Starter

A sure-fire starter, even in wet weather, can be improvised by mixing sawdust with a small amount of kerosene. Pack the mixture in screwtop cans or jars and take them along on your next trip afield.

Group Warns To Watch Tags When Buying Seed

The next time you buy a bag of cotton seed, pay close attention to the tags. Chances are there won't be any; or there may be as little as one or as many as three.

If you purchase cotton seed from a neighbor, there likely will be no tag on the bag, and seed purchased from a ginner, a seed dealer, or breeder may have from one to three, depending on the quality of the seed. The tags are a word picture of the seed in the bag.

Cotton seed purchased through regular seed trade channels such as gins, seedsmen and farm stores, must always be tagged with the Texas tested seed label. This is a brown tag which lists the vendor's statement of analysis. It also provides the vendor's name, address, kind of seed, variety, germination, purity, inert matter, other crop seed, noxious weed seed and weight of bag.

A second kind of tag may be on the bag. This happens when seed are tested for seed-borne diseases. The bag is tagged with a treatment tag. Read this to find out the amount of treatment used and the kind. A high percentage of registered or certified seed are tagged in this way.

The third tag, which is the most important, is the certified tag. This assures varietal purity, and guarantees you it was produced under rigid conditions from originator seed and inspected by impartial inspectors of the Texas Department of Agriculture. The certified tag is "the tag on the bag that guarantees the breeding in the seed." Ask for it when you buy your cottonseed this year.

(Texas Certified Seed Producers, Inc., a voluntary non- profit Texas corporation, formed to disseminate information in respect to certified or registered planting seed.)

Motorists Warned To Have Cars Inspected Soon

mer Garrison Jr., director of the Texas Department of Public Safety, reported today that some 1,500,000 Texas vehicles have only until Wednesday, April 15 to be inspected as required by law.

"In the remaining 3½ weeks of the inspection period, it is possible for the state's 5,100 licensed inspection stations to handle the last minute inspections only if motorists take their vehicles in immediately so there will be no delay periods between inspecting one vehicle and the next," he said.

"From now until the deadline, every minute of the inspection station's time will be at a premium, and waiting lines will become general throughout the state as it approaches."

Garrison urged Texans to avoid the incovenience of waiting in line to get the safety inspection sticker for 1964 by taking immediate action. He said that beginning Thursday, April 16, officers will be obliged to start handing out tickets for non-compliance with the Motor Vehicle Inspection Law which requires an annual inspection of vehicles.

TEST THE BEST... GO RAMBLER!
ALBRITTON MOTOR CO.

She has a rare gift...

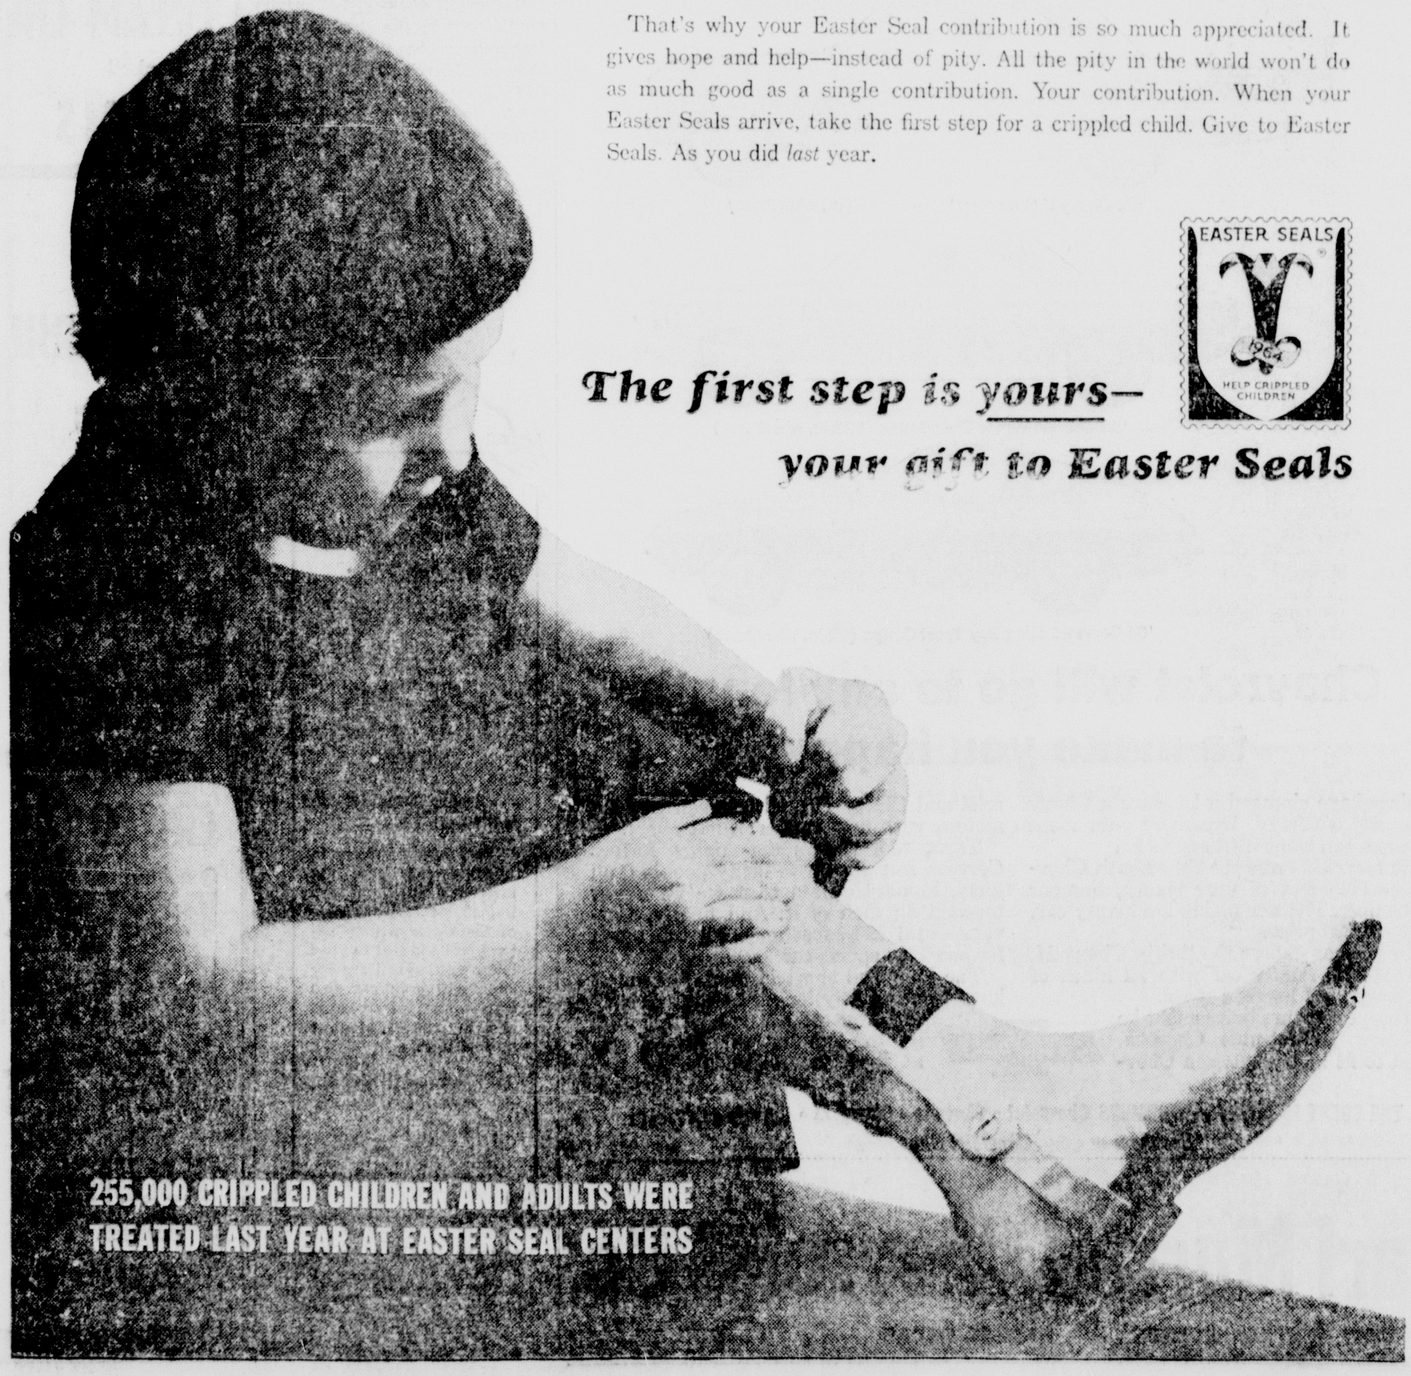

It's courage.

Janice's legs are crippled. But there's nothing wrong with the rest of her. She laughs easily. Loves kid games. And she's determined to run, jump rope, dance and play like any other girl her age.

But right now, learning to walk is no picnic. Each step comes hard. Thanks to *you*, she'll beat her problem.

Your Easter Seal contribution last year helped buy expensive equipment to guide Janice's steps, strengthen her legs, and ease her pain. Your contribution helped the therapist and other skilled personnel at your local Easter Seal chapter.

That's why your Easter Seal contribution is so much appreciated. It gives hope and help—instead of pity. All the pity in the world won't do as much good as a single contribution. Your contribution. When your Easter Seals arrive, take the first step for a crippled child. Give to Easter Seals. As you did *last* year.

Airman Oritz, an Air Force jet aircraft mechanic, is assigned to the 376th Organizational Maintenance Squadron here. He was trained in management, leadership, security and human relations.

The airman is a graduate of Mark Twain High School, Stotesbury, W. Va. His wife Mary, is the daughter of Mr and Mrs. T. W. Current of Rt. 1, McCaulley.

Mr. and Mrs. Welford Bussey are parents of a boy, born Mar. 20 at 8:35 p.m. He weighed 6 lbs. 7 oz. His mother is the former Barbara Jeannette Cork.

PHILOSOPHER WONDERS IF SMALL NATIONS AREN'T SMARTER THAN THE BIG ONES

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 discusses size in his letter this week. He doesn't say whether he's for it or against it.

Dear editar:

Sometimes you get to wondering, who's the smartest, the big fellows or the little fellows?

I'm not talking about big farmers and little farmers, although it works there too, with one difference being that when it rains and is too wet to plow a little farmer goes fishing while a big farmer takes advantage of the lull in work to rush into town and re-finance his loans.

What I was thinking about though was countries. Take Canada. Now Canda isn't considered a major nation, but I was reading in a newspaper the other day that she has decided not to spend any money on atomic bombs, guided missiles, etc.

As I understand it, Canada has figured out that the main secret now to the atomic bomb is having enough money to make one, and since the United States and Russia each now has enough bombs in storage to kill every person on earth 100 times, anything Canada would do in this line wouldn't add to the world's safety, only to Canada's debt. When you get right down to it I guess a man had rather be unsafe and solvent than unsafe and broke.

This is the difference beween Canada and France. France is determined she is going to be a world power and is working like mad now to build atomic weapons at a cost of billions of dollars, on the theory I guess that the deeper you get in debt, the more major a world a world power you become. She'll have to go a long ways to overtake the United States in this department. As for Russia, I can't say, I don't know anything about her debts. It's hard to go into debt when no other country will lend you anything and your own people don't own anything.

However, to get back to my first paragraph, I'm not saying that a little farmer or countries are automatically smart, or vice versa for the big ones. I don't know how to gauge smartness, but my observation is that it hasn't got anything to do with size. I doubt if this Johnson grass farm would be run any better if you doubled it or cut it in half.

Yours faithfully,
J. A.

Mr. and Mrs. Roy Dewayne Ashley are parents of a daughter, Mildren Belinda, born Mar. 25 at 5:19 a.m. She weighed 7 lbs. 6 oz.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Spring arrived last Friday, with a big frost and freezing weather, but soon warmed up again. The men that know about such things, say that it did not get cold enough, and stay that way long enough, to kill the fruit. All trees are in full bloom, with prospects for a big fruit crop, if it escapes the Easter spell, and Easter comes early this year, being next Sunday.

A much appreciated rain fell last Wednesday, and that night, amounting to about one inch. The small, slow rains are very beneficial to the wheat, which is really growing, but the stockmen would love to see a rain that runs water in the tanks. April is coming up soon, so every one has high hopes of receiving more rain in that month.

Attendance was good at church Sunday, in fact all classes but one, had 100% attendance. The men were bragging to the women of having 100% attendance, but the women topped them, by all in their class having studied their lesson. Having an almost perfect attendance record doesn't mean that we had a big crowd, but just that almost all of us were there. It just breaks your heart to see our rural churches dwindling away, but people are just not there any more, it is just another sign of our changing times, people are all moving to town.

Last Sunday, Mr. and Mrs Woodrow Goodwin, accompanied by Mr. and Mrs. Archie Hogan, Spur, went to Dallas where Mr. Goodwin went before the State Board, to get a barbers license, which test he passed, so he is now a licensed barber and worked Friday and Saturday, in the Moore Barber Shop in town.

Surgery has been set for next Thursday morning, for Mis Maude Drake, in St. Ann Hospital, Abilene, to remove cataracts from her eyes. Miss Drake has become almost blind, a well as her sister, Della, and it is hoped that she will regain her sight. Miss Della had one of her eyes operated, but owing to her physical condition, she lost her sight again, but physicans are hopeful that Miss Maude's surgery will be successful. Dr. Nystrum, Abilene, will do the surgery. We wish for her a successful operation.

Wednesday was council day in Anson for the H.D. clubs, so Mmes. Carl Young, Runt McCoy, and Elmer Joiner, attended as usual. We, the members of the H. D. clubs, always enjoy these get togethers, every month, for business and for the fellowship together.

hose attending services Saturday night at the Faith Methodist Church, in Hamlin, from out our way were, Mr. and Mrs. George Wainscott and Jimmy, Mr. and Mrs. Flavil Holmes, Mr. and Mrs. Winson Gray.

Mr. and Mrs. Jack Wright, Melinda and Keenan, ate lunch and spent the day Sunday, with Mr. and Mrs. Flavil Holmes.

Mr. and Mrs. Fred Rosenbaum ate lunch with Mr. and Mrs. Winson Gray, Sunday.

The Rosenbaums report that they have been doing some fishing the past week and caught some nice fish. It has been the kind of weather, for those that love fishing.

Mrs. E. A. Henry went last Tuesday, over near Rotan, and spent the day with her sister Mrs. Obie Wright.

It has been learned that a sister of Mr. Jack Gray passed away in California, and funeral services will be held in Oklahoma, Tuesday. It has been a short while since a brother of his passed away, so our sympathy goes to him and all of his family.

Family night will be held Wednesday night, at the oil mill guest house in Hamlin Prayer meeting will be combined with a fellowship hour with refreshments being served.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. .... District, county, city and precinct officials learned the hard way from the Texas Supreme Court that the constitution and laws mean what they say.

Since 1876, the constitution has provided that a federal or state official is not eligible to serve in the Texas Legislature "during the term to which he was elected" to his previous office.

Even resignation before filing will not cure the ineligibility, the high court held in ruling former Bexas County Commissioner Sam Jorrie off the ballot as a House candidate and in refusing to order ex-Fort Worth City Councilman Doyle Willis certified as a Senate candidate.

Jorrie had resigned Feb. 1 and his successor has been named. Willis' place was automatically vaccanted when he filed for the Senate. His successor, too, has been named.

The decisions also will apply to a Port Arthur councilman, Bob Wyde, and to a Fort Worth constable, O. L. Watson, Jr., both of whom had filed in the Democratic primary for legislative seats.

In a Travis County case, the Court held that Justice of the Peace Curtis Lacy could not run for re-election because he had moved out of the precinct, and did not meet the law's standard which is: You must have lived in the precinct, county or district you seek to represent for at least six months before the primary or general election at which you seek to be elected.

Supreme Court also kept in force an earlier decision that slant-hole oil wells can be redrilled or straightened. A Railroad Commission motion for rehearing was refused.

In a San Antonio case, the Court agreed with a Court of Civil Appeals ruling that income from a Texas trust could not be spent for establishing a non-medical "clinic hospital" in California which would be illegal in Texas.

Attorneys for two big discount stores challenged Sunday closing laws. Shoppers World Inc. of Corpus Christi claimed any type of article may be sold on Sunday if customers sign a certificate that their purchase is necessary to their welfare, health or safety. Spartan stores' attacked the 1961 blue law's constitutionality.

In the Third Court of Civil Appeals, a 1960 ordinance by which LaPorte annexed 12 square miles of territory in Harris County won approval in a decision reversing the trial court.

REDISTRICTING HEARING SET — Houston federal court has set the showdown hearing on congressional redistricting for Friday (March 27).

"We will be ready," said Atty. Gen. Waggoner Carr who had anticipated an early setting.

Outcome of the case will determine whether Texas must hold statewide elections for all congressmen or perhaps hastily redraw congressional boundaries in a special session of the Legislature.

U. S. Supreme Court has upheld the Houston court's October 19 finding that present districts are unconstitutionally drawn in favor of rural areas. It has permitted the state to go back to the lower court, however, to explain problems involved in state-wide congressional voting after the regular election process already has been set in motion.

Houston court has held—and the Supreme Court agreed — that districts must be based as nearly equal in population as is feasible. Texas districts, if absolutely equal, would contain 416,000 population each. They now vary from 216,371 to 951,527.

State Democratic administration wants to delay effect of the ruling until the next regular session in 1965.

Five Republican leaders brought the original suit. Twenty-two Republican congressional candidates and Bob Looney, Democratic candidate for Congressman-At-Large, have intervened on the side of immediate redistricting.

CONNALLY THREATENED — The FBI filed charges in Nashville, Tenn., against two women alleged to have made telephone threats on the life of Gov. John Connally the — Jack Ruby was sentenced to death.

Connally told newsmen threats and "vile" letters had increased since the Rudy verdict. Most of the letters and calls come from out of state. Actually, he has been subject to numerous such threats since the assassination of President Kennedy in Dallas on November 22, when Connally was seriously wounded.

BELLI BLASTED — Flamboyant Melvin Belli defense attorney in the Jack Ruby Murder trial, who bad-mouthed Dallas and the trail court there, received a return blast from Attorney General Carr. Said Carr of Belli's repeated anti-Dallas talk:

"An example of professional ethics which should shock all our members from coast to coast .... It is almost a certainty to state that, had Mr. Belli acted so irresponsibly in the courts of his state or in the federal courts, he would have promptly been held in contempt and heavily fined and/ or placed in jail."

The president of the American Bar Association, in a speech to San Francisco, Belli's home town, said: "That he (Belli) should so flagrantly disregard the code of professional ethics, and his oath as an attorney, is a discredit to him and to his profession."

Belli, who has resigned from the American Bar Association, anyway, retorted: ... "Being barred from the ABA would be like being banned from the Book of the Month Club."

'WATCHDAG' AGENCY SETS RECORD — Agriculture Commissioner White claimed a record number of public service inspections conducted by his department — which he termed a "watchdog agency" — over the past year. He said there were more than 1,400,000 separate acts of inspection.

Inspections ranged from checking the accuracy of gasoline pumps to crops in the field and products at retail outlets. He estimated that on commercial scale corrections alone, his staff saved Texas housewives more than $2,000,000 last year.

APRIL OIL ALLOWABLE — Texas oil production will be held at 29 per cent of potential during the next month, highest figure for April in five years.

Texas Railroad Commission, which heard predictions of nine major oil purchasers that demand for oil will increase from two to three per cent this year, set April allowable at 2,931,746 barrels daily. March production was 2,983,222 barrels a day, also under a 29 per cent order.

Twenty-four executives, delivering their annual state-of-the industry reports, said there were 177,800,000 barrels of crude oil on hand in Texas on March 1. This is some 1,480,000 barrels more than they figured desirable.

Railroad Commissioner Jim Langdon reported that substantial progress is being made toward re-organization of the Commission. He also stated the Commission will move to curb water pollution due to faulty well engineering.

APPOINTMENTS ANNOUNCED — Governor Connally named D. M. Skidmore of El Paso and E. Earl Merrill Jr. of Bryan to the State Board of Architectural Examiners.

Hugh M. Patterson of Houston was designated a member of Texas Civil Judicial Council and Wallace Scott of Austin named to the State Board of Canvassers.

CRIME AT NEW HIGH — Major crime in Texas reached a new high last year, with a felony committed every two and a half minutes, Department of Public Safety records show.

Crimes reported to DPS in 1963 totalled 229,254 — a 5.8 per cent increase over 1962 and 88.6 per cent above 1953. Seven major felonies tabulated showed these rate increases: murder, up 8.5 per cent; rape, up 14.2 per cent; robbery, up 10.6 per cent; burglary, up 4.9 per cent aggravated assault, up 4.4 per cent; theft, up 6.6 percent; and auto theft, up 2.8 per cent.

FUNDS DWINDLING — Screwworm eradication funds will be spent by July 1, reports the Southwest Animal Health Research Foundation. Maintenance of the barrier zone of sterile screwworm flies between Mexico and the U. S. will depend on congressional appropriation.

Two new screwworm cases have been confirmed — one in Medina County, another in McCulloch County near Brady.

NEW SHELL SUIT FILED — Costal interests have filed a new suit seeing to thwart Parks and Wildlife Commission orders permitting close-in shell dredging in Galveston and Trinity Bays.

Suits urged that dredgers be moved back 1,500 feet from live oyster reefs. Commission voted to permit dredging as close as 300 feet under supervision.

SHORT SNORTS — General Land Office will receive sealed bids on May 5 for more than 369,785 acres of state school lands offered for lease. .... U. S. Judge Homer Thornberry has been assigned to preside over Austin and Waco sessions in the Western District, succeeding veteran Judge Ben H. Rice Jr., who died at Marlin. .... More than 2,270 Texans came down with the measles during the week ending March 7, State Health Department said, bringing the year's total to nearly 10,000 .... Number of jobholders in the state decreased in January to an estimated 3,506,400, according to the Texas Employment Commission with the bulk of employment fall-off in agricultural service firms, but the commission predicted expanding job opportunities in 1964. ... Attorney General Carr ruled that the board of supervisors of any levee improvement district may deposit district funds in any depository they choose but warned that such depository must give bond with a corporate surety company in an amount equal to the funds deposited ... Col. Homer Garrison Jr., director of the Department of Public Safety, said 1963 held an all-time record of of 2,729 motorcides in Texas .. Texas Independent Producers & Royalty Owners Association charged the U. S. Department of the Interior with failing to meet federal statutory market demand requirements and thwarting efforts of state conservation bodies to hold balance and stability in the producing industry. ... Railroad Commission reset for 9 a.m. on May 15 Dallas hearings on requests by the Chicago, Rock Island and Pacific Railroad and Fort Worth and Denver Railway to discontinue trains between Fort Worth and Houston ... Final reports have reached State Comptroller Robers S. Calvert from only a few counties, but preliminary estimates are that there may be nearly 3,000,000 Texans qualified to vote in the year's elections, a 15 per cent increase over 1960

BILL'S MINIT MART

SP 4-2131

CONG. BURLESON INTRODUCES BILL TO CURB BEEF IMPORTS

Congressman Omar Burleson has introduced a bill to impose import limitations on meat imports, setting the limit at an average figure for the five years from 1959 through 1963.

Burleson, stated, "We have got to protect our own interests first. Such action might even strengthen our international position by winning the respect of other nations. That seems to be the way they approach us and, as a matter of fact, a firmer position on all imports could be of help to us in the forthcoming Tarriff and Trade negotiations at Geneva. If we took a self interest attitude the same as other trading nations and the European Common Market, and stopped subsidizing their industry and agriculture, we might be able to negotiate from a position of strength."

Burleson went on to say that "we have in our hands the best possible bargaining tools with Australia, the principal importer of meats to the United States. Sugar, which is more important to Australia as an export than meat, could, in my opinion, be a key to our trade reations. She is fourth largest producer of sugar in the world and furnishes this Country with 217 million tons last year at world prices, which generally were considerably lower than that of our domestic price. We could give Australia a 200 million ton allotment as a bargaining proposition."

The cattle area Congressman does not believe that an import limit, driving beef prices back up, might enrage consumers and the large city representatives. He explained the housewife pays twice as much for beef now as she did in 1954 when imports were only 2 per cent of domestic production. Ranchers then got 65 cents of every beef dollar the consumer spent, while now they get only 54 cents.

Graduation Set for Baptist Teacher Training Students

Graduation services for the recently completed class of teacher training education will be held at the First Baptist Church Sunday evening during the worship service.

The six-month course was attended by 17 adults. This will be the third group to be graduated.

Instructors for the course which met on Sunday morning at 9:30 a.m. and Wednesday evenings were Rev. Lenard Hartley, pastor, S. L. Tate Jr., music-education director, and Mrs. Tate May.

All persons who attended the three classes were honored at a covered dish dinner Tuesday evening at the church. Members of their families were guests.

Preceding the graduation the beginner, primary and junior choirs will present special music. The primary and junior groups will repeat the selections that they gave in the District Festival Saturday in Abilene.

DePriest Places Highest in Literary Meet at Plainview

Students of Oscar DePriest High School placed highest in the Interscholastic League literary events in Plainview Saturday with a total of 98 points. Other schools competing and their scores were Plainview, 70; Colorado City, 30; Sweetwater, 77; and Vernon, 57.

The local school had five firsts, six seconds, one third and one fourth.

First places were won in senior spelling, debate junior declaming, senior declaming and extemporaneous speaking.

Second places were won in junior spelling, sub-junior spelling, piano solo, male solo, octet, and one act play.

The third place was in story telling and fourth place was in number sense.

Quinzelle Willis, a member of the one act play cast was chosen for the all league cast.

The Booker T. Washington school was host.
